Jane, Gerrad,
Nice to have a chance to discuss our Smart City Media platform with you yesterday. As discussed, I am attaching the presentation that was presented on WebEx.
Here is the link to view our KC broadcast digital loop and then interactive display. Even try out the Selfie. https://kiosk.citypost.us/loop?id=30776&host=kcmiami
I can be available for our next call anyday next week between 2-5. Hopefully that gives you enough options to get your full team together.
Looking forward to our next conversation.
Regards,
Mike
